

Christian Yahir Navarro Chan

Junior Full Stack Developer · React · Node.js · TypeScript

Yucatán, Mexico | christiannavarro12003@gmail.com | +52 9971157868 | [LinkedInProfile](#)

Portfolio: <https://portafoliopersonal-xi.vercel.app/>

PROFESSIONAL SUMMARY

Software Development and Management Engineer specialized in JavaScript/TypeScript (React, Node.js, Express) and relational databases (PostgreSQL, MySQL). Experience building user interfaces and RESTful APIs in agile development environments. Currently expanding knowledge of scalable backend architectures with Prisma and Supabase.

WORK EXPERIENCE

Frontend Developer (Internship) — Walook

January 2025 – April 2025

- Built a reusable, modular UI component system with React.js and Bootstrap for a supermarket brand management platform, standardizing the development of new views.
- Implemented dynamic forms, interactive tables, and complex data validations integrated with RESTful APIs.
- Identified and resolved UI and logic bugs in a production system, improving its stability and user experience.
- Collaborated in an agile environment using Jira for task management and Git/GitHub for team version control.

Frontend Developer (Internship) — Jomat Consultores

May 2023 – August 2023

- Co-developed the frontend interface of a local e-commerce system using Angular, based on Figma prototypes.
- Built and implemented dynamic views and components following design specifications.
- Managed application state and integrated client-side business logic.

FEATURED PROJECTS

Full Stack Ecommerce — React, Node.js, Express

Mini e-commerce with user authentication, functional shopping cart.

Demo: <https://mini-ecommerce-two-psi.vercel.app/>

REST API — Student Management — Node.js, Express

RESTful API with structured CRUD operations and organized endpoints for data management.

Demo: <https://api-estudiantes-wy99.onrender.com/api-docs/>

Full portfolio with source code and live demos (additional projects, stack, and case studies):
